CAREER OVERVIEW

I am a passionate front-end web developer. I primarily focus on writing clean, elegant, and efficient code. I am proficient in HTML, CSS, and JavaScript. Over the past two (2) years, I have primarily worked for companies that specialize in enterprise web and phone applications development. Participated in development and implementation of web-based solutions.

WORK EXPERIENCE

Web Developer Intern - Tornado Technology Services Abu Dhabi, UAE - (08/2022 - 07/2023)

- Developed prototypes and mockups for new features, enhancing UX and UI design.
- Developing responsive web applications across platforms and mobile apps using JavaScript, jQuery in frontend.
- Worked with a team of developers to resolve front-end and CSS issues.
- Responsible for implementation of new mainframe development project.
- Successfully integrated websites with powerful backend services such as databases, APIs, and other services using MySQL.

Front-End Developer Intern - KBC Technologies Abu Dhabi, UAE - (12/2021 - 05/2022)

- Turn design pages and specific components into HTML, CSS, and JavaScript.
- Developed and maintained legacy applications.
- Analyzed UI/UX design for responsive layout for improved usability.
- Installing windows, software, applications, antivirus, and all developers tools needed for every PC in the company.

Marketing & Social Media Intern - Index Media Dubai, UAE - (04/2019 - 09/2019)

- Worked extensively with the marketing director and created a strategic plan in order to increase brand awareness to targeted clientele, which resulted to an increase in followers through multiple social media platforms and blog subscriptions.
- Handled design projects that required Adobe Photoshop and Illustrator.
- Used social media platforms such as Facebook, Instagram, Twitter, and Pinterest daily to promote the brand's assets.
